Long Island Benefit Concert Needs Miles

Oct 19, 2004

Mark your calendars for December 4th. The Rock for X-MAS Foundation is bringing their eighth annual Rock and Roll show to New York. This year, the show will be held at the Wildwood Bowl, located at 3951 Lake Avenue, Riverhead Long Island, NY 11901. The proceeds will go to the Nassau Suffolk Coalition for the Homeless & Fire / Rescue Widows and Children fund of Long Island. The event is scheduled for Saturday, December 4th from 1pm till 3am. For advance tickets and more information you can log on to the foundation's web site at <http://www.rock4xmas.com>

For those unfamiliar with this annual event, the Rock 4 X-MAS Foundation organizes events to benefit the less fortunate during the winter holidays. Over the past eight years, the Rock 4 X-MAS Foundation has raised money and provided entertainment for families in need throughout the United States of America. Many Rock and Roll music legends have joined and teamed up with the foundation over the years, putting on some very memorable concert performances for audiences in select US cities.

This year, members from Anthrax, Quiet Riot, Great White, WASP, Metal Church, Orleans, Shadows of Knight, Yngwie Malmsteen, Zebra, Frehley's Comet and Mountain to name just a few will join a variety of local bands on stage. The all day and night 14+ hour music marathon event begins at 1pm in the afternoon on Saturday, December 4 and is scheduled to run well beyond the midnight hour, finishing up somewhere around 3am. The concert will provide rock music fans with an impressive combination of celebrity musical performances. Local and regional acts will include Public Secret, Sister Blind, Beyond Blonde, Signal 2 Noise, World War Peace, Dan Acosta, Jake Live and many more.

The Rock 4 X-MAS Foundation Inc., a non-profit 509(a)2 Federal Charity, exists to help those in need, while also providing rock 'n' roll fans with a unique and unforgettable musical experience. For those who cannot attend the show, the Rock for Christmas Foundation also accepts contributions (even as small as one dollar) and donations of much needed frequent flyer miles, at their web site online. Efforts require transport of crew and performers between locations throughout America. In addition, select high profile sponsorships for the upcoming 2004 events are available. The organization carries out its mission in part through donations from private and corporate sponsors, philanthropists and musicians. They are always looking for additional assistance, partnerships, corporate sponsors, as well as new venues. Contributions are accepted and appreciated in any amount at their web site, seven days a week, 24 hours a day. Even a small donation of \$1.00 helps out a great deal. If every person who reads this gave \$1.00 or more, together it would be providing a great service to families in need this holiday season.

To donate some of your time, ideas or to make a charitable contribution, please visit the Rock 4 X-MAS Foundation's web site at <http://www.rock4xmas.com> or contact the Founder and President of this non-profit organization, Wayne Morrison, directly by calling 516-779-2588 and help to make this a great Christmas and holiday season for all.
